

Next Generation G.I.F.T. is more than just your average summer camp. The unique aspect of this program is that campers get to choose their own schedule everyday that fits their interests from a wide variety of activities related to the STEAM fields. In addition, campers can also choose to participate in daily recreational sport & aquatics sessions. There is no doubt this program truly has something for everyone.

Lunch	11:20a - 12:15p	AZ 4	2:15p - 3:00p

*Times are approximate and can change for Summer 2026.

Camper Activity Selection

During lunch and snack, campers will have the opportunity to choose their G.I.F.T. schedule for the following day. With their home counselors, campers will fill out a Google Form and make their selections for the next day's activity zones.

Camper selections are then gathered in the G.I.F.T. Office Headquarters where data can be analyzed and sorted for the G.I.F.T. Instructors. HQ then prints schedules for the counselors and campers when they arrive the next morning. This monitoring also ensures numbers for certain activities stays within capacity. We crunch the numbers to give our campers the best G.I.F.T. experience!
